The Brands:

PRO-MED™

The ultimate in quality, the elite instrument option, from Tuttlingen, Germany. Combining both modern precision machining and traditional hand-crafted finishing, Pro-Med instruments are manufactured from more than 16 grades of German surgical stainless steels and alloys. Strict production controls have resulted in an exceptional quality record of a 1:30,000 return rate. Pro-Med is the surgeon's premium choice, providing perfect balance, consistency, function, and durability.

Lifetime guarantee. CE, FDA, ISO 13485

SIEGER™

Surgical quality instruments manufactured in Hungary from a selection of German stainless steels and alloys. Utilising state-of-the-art production methods, the instruments are professionally machined and finished. Widely used in operating theatres and specialist clinics throughout New Zealand, USA, Europe and Asia, Sieger™ provides excellent economy and performance. Lifetime guarantee.

CE, FDA, ISO 13485.

STERLING™

Volume produced instruments, manufactured in Pakistan, a great option for instruments with only occasional use, high attrition rates, and ward use. Sterling instruments are well accepted by Doctors for minor surgical procedures and etched with the brand for easy identification and CSD sorting. Ideally suited for wards, outpatient and emergency departments, and medical centres.

CE, ISO 13485.

Hallmark Surgical has deliberately set the bar high.

The Healthcare Profession, as caring for life, is arguably the most responsible and most respected profession known to man. To fall short when a life, (or lives), are at stake is unthinkable – on your part and ours.

Hallmark Surgical – the name stands for excellence – has deliberately set the bar high. The instruments and devices we provide are devoted to preserving that life.

But, more than that, Hallmark Surgical upholds the skill and experience of people by providing you with trusted knowledge and support, at all levels of healthcare.

Because, like you, every day we both protect and serve.
